## WORK EXPERIENCE

**2017 - 18, TRIAD, Slovakia** | Contractor iOS Developer, Interaction Designer, Human Interface Guideline Expert

Worked on projects for major European TV networks: Markiza (Slovakia), Nova (Czech Republic), bTV (Bulgaria). Created a series of video archive apps and built a convenient, easily accessible digital interface, broadening the network's market and reaching millions of users online.

**2016 - 18, Feedbeo, Slovakia** | UX/UI Designer, Web Developer

Designed and developed an online dashboard interface. Planned, executed and evaluated customer testing of major platform functionalities, increasing customer engagement and attracting new market with larger clientele.

**2016, Streetography, Menlo Park, CA** | iOS Developer

Developed and launched company's first public MVP version. Collaborated on creating app architecture and efficient digital interface resulting in 10x faster response time online.

**2015, Spendee, CR** | iOS and Animation Developer

Implemented an interactive user onboarding experience and a new budget functionality for one of the most popular expense tracking apps frequently featured in Apple AppStore.

**2014, Studio Artishock, CR** | Junior Print and UX Designer

Brainstormed and prototyped website designs and printed materials. Managed communication between clients and external contractors.

**2013-2014, Moja SSE, Slovakia** | iOS Developer

Developed an app for a major power grid operator managing the entire central region of the country.

**2013, mForce CRM, CR** | iOS Developer

Developed and launched an award winning mobile Customer Relationship Management app commissioned by Whirlpool, CZ.

**2012 - 17, Radio Express, Slovakia** | iOS Developer, Interaction Designer, Human Interface Guidelines Expert

Created and developed a digital app interface for one of the most popular radio stations in the country.

**2010 - 12, Celebrio Software, CR** | Web Developer

Research, development and scalability implementation on the Microsoft Azure platform for a computer system designed to help elderly people use computers. Project won the Czech national round of Microsoft Imagine Cup.

**Other Clients** | UX/UI, Web & iOS Development
